Changes from 1 October 2024

Police Blue Ribbon Insurance premiums have an impact on members' concessional contributions. Due to this, the NSW Police Force has informed Aware Super about changes to how these insurance benefits are to be provided and funded from 1 October 2024.

The NSW Police Force is introducing a new support scheme for police officers. The Enhanced Police Support Scheme (EPSS) will replace the current Police Blue Ribbon Insurance and continue to provide benefits for NSW Police Officers and support in times of illness or injury.

You'll receive further information from the NSW Police Force about the new EPSS in due course. If you have any questions about the new EPSS, please call **1800 014 140** or email **#EPSS-HOTLINE** or **EPSS-HOTLINE@police.nsw.gov.au**

For information about how these changes will impact your insurance through Aware Super, please refer to the tables on page 4.

Please note, the death benefits provided under the current Part 2: Police Blue Ribbon Insurance through Aware Super are not changing under the new arrangements.

As these changes take effect after 30 June 2024, they will not be reflected in your annual statement for the financial year ended 30 June 2024.

Terminal Illness Transition Rule

Below is the Terminal Illness Transition Rule definition applying from 1 September 2024.

Date of Terminal Illness (applying to you when transitioning from the old to the new definition)	Means if: (i) the first certification from a Medical Practitioner is received in writing that you are Terminally Ill on or before 31 August 2024 and cover is in force on the date of the first certification; and (ii) the second certification from the other Medical Practitioner is received in writing that you are Terminally Ill on or after 1 September 2024, regardless of whether cover is in force on the date of the second certification, the Date of Terminal Illness is the date the second Medical Practitioner has certified in writing that you are Terminally Ill.
--	---

Appendix 3

Definition of Incident Date

Below is the full Incident Date definition applying to TPD from 1 September 2024.

Incident Date	Means, in respect of Total and Permanent Disablement cover, the later of: a) the certification date of the Injury or Illness which caused Total and Permanent Disablement, or b) the date you cease work as the result of the Illness or Injury that caused Total and Permanent Disablement. Where a Medical Practitioner examines and gives a written certification under paragraph (a) and that certification date occurs within 7 days after the date you ceased work under paragraph (b), the Incident Date will be taken as the earlier date that you ceased work under paragraph (b). For the avoidance of doubt, you cease work for the purposes of this definition when, as a result of the Illness or Injury, you are no longer able to attend work in your Occupation with your Employer. If you cease work as the result of the Illness or Injury that caused Total and Permanent Disablement prior to 1 October 2024 and the certification date of the Injury or Illness which caused Total and Permanent Disablement occurs on or after 1 October 2024, then the Incident Date is the date ceased work under part (b).
