Important information

- Once you submit a change of investment options request, it cannot be cancelled.
- If we receive your form by 3pm AEST/AEDT, that day's unit prices will be applied, provided there is no previously submitted change of investment options or Term Deposit application pending. If there is a pending request, the new request will take effect the business day following the completion of processing the first request. It will generally take two business days to process a request.
- If we receive this form and a *Term Deposit application* form on the same day by 3pm, the *Term Deposit application* will be processed first, unless you provide us with clear instructions to do otherwise. This means that the *Change your investment options* form will not be processed until the Term Deposit application has been processed, which generally takes up to three business days.

Step 5: Rebalance your investment option allocation

Rebalancing allows you to realign your account balance with your investment choice effective 15th July each year. It is only applicable if you have selected more than one investment option.

The annual rebalancing feature will apply to the investment options selected for your **account balance** only and excludes term deposits. It will **not** change the future contribution investment option mix you have chosen if these option/s are different to the investment choice in place for your account balance. If you hold a term deposit at 15th July, only funds invested in non-term deposit investment options will be rebalanced in-line with your chosen mix of investment options

Please select (X) one of the options below:

- \Box Rebalance my account on 15th July each year as per my investment choice in Step 3.
- \Box Cancel my existing instruction to rebalance my account on 15th July each year.

Step 6: Read our privacy information

The personal information provided on this form is collected and held by Aware Super, in accordance with the Australian Privacy Principles of the *Privacy Act 1988* (Cth), for the purpose of administering accounts, assessing claims and providing services associated with fund membership. Step 7: Declaration

I declare that:

- I have read and understood the information on this form and information in the relevant Aware Super Product Disclosure Statement and the Handbooks (Future Saver members only) about investment options.
- I wish to have my account balance (excluding any term deposits) and/or future contributions invested in the investment options I have nominated.
- If I have made an account balance investment choice only at Step 3 I direct that my future contributions continue to be applied to the investment option/s (and in such proportions) my contributions are currently deposited into until such time that I make a new future contribution nomination (Future Saver members only).
- If I have made a future contributions investment option nomination only at Step 3 I direct that my existing account balance should remain invested in the investment option/s in which it is currently invested (Future Saver members only).
- I understand that all contributions and rollovers received on or after the effective date of the change will be allocated in accordance with my future contributions investment option nomination (Future Saver only).
- I understand that my change of account balance investment choice will apply to my whole account balance (excluding any monies held in an existing Term Deposit) unless I have elected different investment options for my future contributions.
- I understand that if the request is received by the trustee before 3pm AEST/AEDT, the request will usually be processed using that same day's unit price; if received after 3pm AEST/AEDT it will be treated as having been received the following business day (before 3pm AEST/AEDT) and therefore receive the next business day's unit price.
- I understand that my choice of investment options is irrevocable and binding until I choose other investment options which will become effective at a later date.
- I understand that I cannot submit another change of investment option request or Term Deposit application until this change has been processed (generally up to three business days).
